Experience

UI/UX Designer at Kopi Space

Jan - Nov 2022, Remote

Kopi Space caters creative assistance in details, with such specific areas as integrated branding, digital marketing, publishing, event organizer, to website and mobile development.

My role and responsibility :

- Creating a website concept that is designed with UX, responsive UI when working with teams and developers.
- Create wireframes, user flows, and end-to-end designs for websites on a small to large scale in an interactive and user-friendly.
- Create style guides and design systems.

Dribbble Shot Team for Lalala Studio

Dec 2021 - Apr 2022, Remote

Lalala Studio is a foreign agency that makes unique interfaces for startups and leading brands. Here I collaborate with foreign and local designers to make the best shot for the team.

My role and responsibility :

- Routinely upload designs every 1 week on dribbble
- Participate in providing input for other designers who need feedback

UI/UX Designer Internship at Skilvul

Aug - Nov 2021, Remote

Virtual Internship held by Ministry of Communication and Informatics with Skilvul and Bank Jago as Challenge Partners. Learn the fundamentals of UI/UX Design, to work on project challenges from partners (Jago Last Wish).

My role and responsibility :

- Create a design system for the design to be made.
- Create low-fidelity and high-fidelity design.
- Collaboration with the team in making product designs.
- Conduct prototype and usability testing with users.
